## SUMMARY

A highly motivated and detail-oriented Computer Science graduate seeking an entry-level Software Developer position to leverage my skills in full-stack development, object-oriented programming, and problem-solving. Eager to contribute to innovative projects by utilizing my knowledge of Python, JavaScript, HTML/CSS, RESTful APIs, version control (Git), and debugging in an Agile development environment.

---

## EXPERIENCE

### Software development Intern

**Kode Mapa Edtech LLP**

**January 2024 - Present, Ballari, Karnataka**

- Software Development Intern Passionate and detail-oriented software development intern with hands-on experience in web development, backend programming, and AI-based applications. Skilled in Python (Flask), AngularJS and database management. Contributed to optimizing web applications, implementing APIs, and enhancing user interfaces. Strong problem-solving abilities with a keen interest in emerging technologies.

---

## PROJECT

### E-voting

- Developed a secure and efficient e-voting system to enable transparent and tamper-proof digital voting.
- Implemented authentication mechanisms, encryption for data security.
- Designed a user-friendly interface for seamless voting experiences.
- Ensured integrity and anonymity of votes while preventing unauthorized access.

### Faculty Feedback management system

- Developed a Faculty Feedback Management System using Python, Flask, HTML/CSS, JavaScript, and SQLite.
- Created separate modules for admin and students with secure feedback submission and management.
- Integrated sentiment analysis to automatically evaluate and categorize student feedback.
- Designed a responsive and user-friendly interface for seamless user interaction.

---

## EDUCATION

### Bachelor's of Computer Applications

Vijayanagara Sri Krishna Devaraya University • Ballari • 2025 • 9.0

### Pre-university college

Sri Guru Tippe Rudra PU College • Ballari • 2021 • 94

### Green Valley Rural High School

Karatagi • Gangavathi , Koppal • 2019 • 91

---

## CERTIFICATIONS

### Data Structures In C

### NET OOPS

### Front End Development- HTML

---

## SKILLS

Programming Languages: Python,C programming,R programming

Frameworks: Flask, AngularJS, Bootstrap

AI & NLP: BERT, Gemini API

Web Technologies: HTML, CSS, JavaScript

Database Management: MySQL, PostgreSQL

Version Control & Collaboration: Git, GitHub, Confluence
